The William Paterson University Center for Holocaust and Genocide Studies welcomes

**Dr. Brandy Schillace**

**November 16 from 4:00 to 5:15 p.m. via Zoom**

for a presentation based on her article in the Scientific American:

*The Forgotten History of the World's First Trans Clinic*

Dr. Brandy Schillace is an author, historian, show host and Editor of the *Medical Humanities Journal*. Her next nonfiction book, *The Intermediaries*, will tell the forgotten, daring history of the interwar Institute of Sexology in Berlin: trans activists, the first gender-affirming surgeries, and the fight for LGBTQ rights in the shadow of the Nazi Third Reich.
